## **THE "FLAT" CHIMNEY CAP**

The Flat Cap is a sleek, low-profile chimney cap designed for homeowners seeking a modern appearance with reliable year-round protection. Constructed from heavy-gauge metal and wrapped with painted 1/2-inch expanded metal sides, the Flat Cap provides excellent airflow while preventing rain, snow, pests, and debris from entering the chimney.

Its understated, square-top design blends effortlessly with contemporary and traditional homes alike. Hand - fabricated and mechanically secured for strength, the Flat Cap offers a clean silhouette that adds subtle refinement to any home exterior.

If you want a modern, minimalistic look without compromising durability or performance, the Flat Cap delivers exceptional value and long-lasting protection.
